RABIES IMMUNIZATION CLINIC SCHEDULE

Rabies immunization for dogs and cats over six (6) months of age, not previously immunized, and those with a red heart (2020) rabies tag must be immunized. Depending on the vaccination status of your dog or cat the veterinarian will inform you of the effective vaccination duration for the vaccination given.

ALL DOGS AND CATS MUST BE IMMUNIZED AGAINST RABIES

The charge per immunization is **\$20.00 Payable to Vet.** Residents of Nashoba member towns may attend any of the following clinics. **Cats must be brought in cages or closed boxes during the last half of any clinic.** The tag for 2023 will be a green bell.
